

## Upgrade Solution

### **What is an ES2700 ?**

The Electrostat 2700 series was a single phase analog DC motor speed control manufactured by Emerson Industrial Controls from approximately 1985 to 1992. It was available as a chassis unit or within an enclosure to control DC Shunt Wound or Permanent Motors from 1/4 to 5HP from single phase 120vac or 240vac power.
